## Park Has New Fire Number

Park Township Fire Department has a new telephone number, ED 5-5663. It also has new radio equipment to handle all calls on both sides of the township.

The number goes into effect Friday morning after 8 a.m.

Persons in Park Township are asked to call this number only in case of fire. They are asked to give the dispatcher the location and also tell if it is on the north or south side of Lake Macatawa.

Each fireman has a radio monitor in his home and will receive the calls from the dispatcher at the station in Virginia Park on Steketee Ave.

Trucks are equipped with two-way radio and both chief's cars are also so equipped.

Holland Township is already equipped with this service and the Park Township Department will be in direct contact with them at all times. At any time either township can call on the other for assistance.

Equipment is paid for in part by Civil Defense. Persons who wish fire permits for burning leaves must call their own district fire chief.

Jud Bolhuis is Chief of the South Side Fire Department and Herman Windemuller is North Side Chief.

## Shrub of Week Is Cotoneaster

Shrub of the week at the Holland Public Library this week is the Cotoneaster. Several varieties of this shrub include Rock Spray, Bullata Floribunda and Divaricata.

These shrubs are grown for their berries mainly and are used in the garden or border for this fall display of color. As a family they are subject to fire blight and in the dry season to red spider. They prefer a sunny location and alkaline soil. They are all good subjects for fall arrangements.

The Rock Spray is a three foot arching form often used in rock gardens or on banks. It has a profusion of close-set red berries which remain on long after the leaves turn reddish and drop.

The Floribunda variety has the most outstanding brilliant berries of the family. The shrubs are rounded, well-shaped and grow to six feet. The berries are in clusters, rather than all along the stem.

The Divaricata is a wide spreading shrub that grows to six feet and may be pruned into a tight thick hedge as is being done at the back of the special education garden at Jefferson School.

## New Addition to Allegan Health Center Proposed

**ALLEGAN (Special)** — A proposed expansion program for Allegan Health Center would make the hospital an 82-bed unit, according to E. W. DeLano, chairman of the board of trustees.

The center, which began operations in December, 1939, was designed as a 28-bed hospital into which have been crowded 44 beds. The new proposed arrangement would classify usage as 14 maternity, 41 medical-surgical, seven pediatric, and 20 long-term or geriatric.

Plans also call for increased x-ray and laboratory department, a post-operative recovery room and physical therapy department.

DeLano said a careful study was made by the Board of Trustees before the expansion program was approved and before a campaign for necessary funds would be conducted.

He said action was being taken now in order to apply for a federal grant which would cover 45 per cent of the cost estimated at \$800,000. Federal funds would provide about \$360,000 under the Hill-Burton act, but matching funds of \$440,000 would have to be supplied by the community.

Last year Allegan Health Center had 2,677 patients and 327 births, plus 3,316 out-patients. There has been a constant increase in the number of patients served, and the board feels that the only solution is the proposed addition.

Members of the board of trustees are E. W. DeLano, president; E. W. Stone, vice president; H. E. Tripp, treasurer; R. C. Olcott, secretary; Leland Buck, Basil Giles, Howard Godfrey, R. E. Myers and Mrs. Clarence Wise.

Serving on the campaign executive committee are Leland Buck, E. W. DeLano, Dr. James E. Mahan, R. E. Myers and Lloyd Van Voorhes.

Mrs. William Schmitz and Dr. Bert Vander Kolk, co-chairmen of the campaign education committee, have announced that speakers are available for organizations interested in learning facts on the hospital expansion program.

The advance phase of the solicitation program will start Sept. 30. The public drive will be in November. Lewis J. Sarvis of Battle Creek is the architect.

A letter from Charles Conrad in regard to displaying an old C and O steam locomotive in Kollen Park suggested that the task of raising the necessary funds for moving, fencing, etc., be made an interfraternal and service club project. It is estimated that \$2,500 would be needed. Conrad was in fraternal and service club profile if they do not materialize the matter would be dropped.

Councilman Robert Kouw submitted preliminary plans of a new design for a band shell for Kollen Park together with the information that the new shell could probably be built for the amount on hand, some \$12,000, instead of the previous plans which brought bids of \$26,000. ## Deputies Nab Local Fugitive

Ottawa County deputies Saturday captured a man wanted in Holland since July 11 on charges of carrying a concealed weapon and resisting arrest.

Allen R. Beck, 24, of Holland, was taken about 2 p.m. Saturday by undersheriff Harris Nieuwma about 10 miles north of Holland. Nieuwma, Sheriff Jerry Vanderbeek and Deputy John Hempel had been trailing Beck since 10:30 a.m., when they received a tip that he had been seen in a garage at M-50 and 96th Ave.

The officers learned that the fugitive had been working for a farmer in the area of 128th Ave. and Stanton St., and they also found the shack in the woods where he had been living.

While Vanderbeek and Hempel waited in the shack Nieuwma followed the tracks of a tractor Beck was believed to be driving.

Deep in the woods, Nieuwma caught up with him. He raced up to the tractor, jumped on the back end and ordered Beck to drive back. Beck was not carrying his gun, a .375 magnum pistol, and it has not yet been found.

The charges against Beck arose the night of July 11, when he appeared at the Hamburger Inn on East Eighth St. displaying a pistol, according to police, which he had no permit to carry or own.

When a Holland police officer and an Ottawa County deputy attempted to take him into custody, Beck broke away and ran, cutting through yards and across streets to the swamps north of the city, where he eluded further search.

Beck is now being held at Holland jail, pending arraignment in Municipal Court on charges which will be brought by both Holland police and the Ottawa County Sheriff's Department.

## Farm Bureau Group Has Meeting at Olive Hall

The "Arbeider" Farm Bureau Community group met at the Olive Town Hall last Wednesday when Davis Bosch led on the topic "Community Planning and Zoning a Problem."

At present the non-farm rural population in the United States outnumbers farmers by more than two to one, he said. This move to the country brings new needs and demands including schools, roads, sewage systems and the like. All areas of the state should give careful consideration to community planning and establish zoning laws for the future, he concluded.

Since Olive and Holland townships both have zoning laws, no decision was reached for the immediate areas.

Jerry Bosch presided at the business meeting. The next meeting will be held Oct. 9 at Olive Town Hall.

## GE Announces Pay Increase

The General Electric Company announced today a 3 percent annual pay increase effective Sept. 15, 1957, for those employees affected by the pay increase provisions of the Company's Better Living Program and the five year agreements worked out with more than 90 unions.

The new pay increase is the third in a series of automatic annual increases pledged over a five-year period. Prior increases came in August, 1955, and September, 1956. Increases of approximately 3 1/2 percent are set for September, 1958, and September, 1959.

In addition to these annual increases, affected employees have also benefited by cost-of-living increases since 1955 totaling approximately 4 1/2 percent. The cost-of-living escalator provision is based upon specified changes in the government's Consumer Price Index. Employees not under automatic pay increase provisions of the program have pay adjustments made on an individual basis taking into consideration market values of individual jobs, individual merit, changes in cost of living, and other pertinent factors.

# Suspects Grilled In Safecrackings

Holland detectives Monday revealed that Indiana State Police are holding two men believed responsible for the safe crackings in this area.

According to the Indiana police, the men were caught through a tip furnished by Sgt. Larry Veldheer of the Zeeland police. Shortly after 4 a.m. the morning of Aug. 17, Sgt. Veldheer noticed a suspicious station wagon with Indiana license plates going through Zeeland.

More than \$1,100 was stolen from a large cash register at Dykstra Drug Store early that morning, and a safecracking was attempted at the Holland Cooperative at 88 East Seventh St.

The men have been identified as Donald E. Utterback, 23, and Robert L. Willheight, 22, both of the Crawfordsville, Ind. area, where the men are being held. Indiana detectives said the men have confessed safecrackings in Indiana, Louisiana, Tennessee and Missouri.

Detective William Menzies of the State post at Paw Paw went to Crawfordsville today to question the suspects concerning the robberies in Michigan.

Holland detectives and Ottawa County Sheriff Jerry Vanderbeek are awaiting a call from Det. Menzies. If Menzies believed that the men are implicated in the local safecrackings, they will also go to Indiana to question the men.

Indiana police found several guns and a set of safecracking tools in the car the men were using at the time of their arrest.

## Inexperienced Fennville Set For Grid Year

Inexperience, pretty - good size and average speed was Coach Sam Morehead's opinion today as he looked over the Fennville High football team and prepared the Blackhaws for the opening game Friday night against Hopkins.

Morehead reported 56 boys out for football, the biggest turnout in Fennville's history. "But 30 of them are freshmen and 13 sophomores," Morehead quickly added.

Fennville finished second in the Al-Van League last year. Morehead expects the teams to beat this year will be Bloomingdale, Martin and Lawton.

Six lettermen are back and around this nucleus, Morehead is building his team. Jack Barnes, who received all-conference recognition as a tackle, has been switched to fullback along with guard Eric Phelps. These boys are co-captains and seniors.

Nick Lofton, another guard, is a letterman senior while lettermen juniors are quarterback Denny Morse and tackle Dan Hammer. Sophomore tackle Ray Modrak is another veteran.

Two other veterans, ineligible for the first game, are working out and will be set for the conference contests. They are Bob Barnes, a fullback and Gene Luna, an end.

Other lads that have caught Morehead's eye are Bill Tromp, defensive halfback, Lyle Earl, guard, Bill Sargeant, center, and Phil Blackburn, defensive tackle. All are juniors.

Sophomores Tom Goodings, a left half and Dave Turner, an end, Carl Van Del, right half and Bob Tiffany, defensive safety, have all pleased.

Topping the freshmen is John Damaskas, an end while two other freshmen, Joe Bedes, defensive halfback, and Rudy Geiselhart, have also looked good.

The complete Fennville schedule: Sept. 20-Hopkins, home; Sept. 27-Martin, there; Oct. 4-Bloomingdale, there; Oct. 11-Lawton, home; Oct. 18-Saugatuck, home; Oct. 25-New Buffalo, there and Nov. 1-Lawrence, home. The final two games start at 7:30 p.m. and all the others at 8 p.m.

## Anniversary Tea Fetes Past Presidents of Aid

A 46th anniversary "First Ladies' Tea" attracted 75 members and guests of Trinity Reformed Church Ladies Aid society to the church lounge Thursday afternoon for a program honoring past presidents and charter members of the group.

Corsages of fall flowers presented to honored guests matched twin arrangements of garden flowers placed on either side of the decorative tiered birthday cake on the tea table. Mrs. John Hains and Mrs. Lincoln Sennett poured. Hostesses were Mrs. Albert Buter and Mrs. Henry Visser.

Highlights of the society's history, gleaned from secretaries' records by Mrs. Chester Oonk, were presented by Mrs. Sennett who introduced charter members and past presidents with appropriate reminiscences. Charter members present included the Mesdames Edward Barkel, Herman Cook, Peter Trimpke and George Dalman.

Greetings were presented by Mrs. John Van Peursem, wife of Trinity's first pastor, who described her service with the nucleus of 27 women who met in a vacant store building on Sept. 6, 1911, to organize the Aid society. Early projects included helping to build a parsonage, furnishing an organ for the church, and in 1918 Aid members held sewing bees to complete a service flag honoring World War I soldiers. Down through the years, quilting bees gave way to sales projects, banquets, bazaars and plays as the women continued to contribute church improvements and initiated missionary projects.

Mrs. George Glupker and Mrs. John Van Oss, presidents during the 1940's, described Trinity women's war contributions and various other service projects. With the organization of a young women's circle in the fall of 1954, Aid membership grew to more than 200 and the society's influence began to reach into the second and third generations of some Trinity families.

Mrs. Sennett pointed out that history reveals the group has kept pace with changing times and urged continued loyal service as Aid members seek to serve current needs.

Mrs. Jacob Westerhoff sang "The Lord's Prayer" accompanied by Mrs. Henry Stegenga.

Devotions were led by Mrs. Hains who used as her theme "First Ladies of Scripture." Mrs. Miner Stegenga was pianist for group singing.

Program arrangements were made by Mrs. Rein Visscher and Mrs. Elton Eenigenberg assisted by Mrs. William Venhuizen, Mrs. Paul Vander Hill and Mrs. Oonk of the program committee.

## Machiele-Hulst Vows Exchanged

Mr. and Mrs. Vernon Dale Machiele

A double ring ceremony in Bethany Christian Reformed Church last Friday evening united in marriage Miss Delores Janice Hulst daughter of Mr. and Mrs. John Hulst, 59 West 31st St., and Vernon Dale Machiele, son of Mr. and Mrs. Simon Machiele of 40 North Elm St., Zeeland.

Palms, ferns, white gladioli candles provided the setting for the rites performed by the Rev. William Brink immediately after the bride was escorted to the altar by her father.

The bride's floor length gown of mist taffeta and chintilly lace featured a scoop neckline and shirred lace bodice delicately embroidered in iridescent sequins and pearls. The bouffant skirt was formed by alternating panels of chintilly lace and taffeta ending in a chapel train. Her scalloped fingertip veil fell from a net crown trimmed in sequins and pearls. She wore pearl necklace and earrings, a gift of the groom, and carried a white Bible with a white orchid and streamers decorated with white feathered carnations.

In a ballerina length gown of nylon blue chiffon Miss Gladys Hulst attended her sister as maid of honor. She wore a matching headpiece trimmed with flowers and carried a cascade bouquet of blue carnations and white and yellow mums. In like attire was the Miss Virginia Hulst, cousin of the bride, who assisted as bridesmaid.

The groom selected Earl Machiele, his brother, as best man and Paul Machiele, cousin of the groom, and Roger Winkels were ushers.

Mrs. Justin Hulst, organist, provided wedding music and accompaniment.

(Vander Hoop photo) panied Hilbert Beyer when he sang "I Love You Truly" and "The Lord's Prayer."

The mother of the bride chose a powder blue lace dress with navy accessories and a corsage of red roses for her daughter's wedding. The groom's mother was attired in a navy blue dress with navy and white accessories and a corsage of red roses.

About 135 guests attended the reception held in the church basement. Opening prayer was given by the Rev. Brink, a reading was given by Miss Gladys Shoemaker and remarks and closing prayer was given by Rev. J. Bruinooie.

## Volleyballs

It won't be official until Sept. 23 (that's what the almanac says) but to all intents and purposes summer is pretty well over. Schools are abuzz with activity, clubs are resuming meetings, and the town is arguing annexation on one side or the other.

All in all, it's been a pretty good summer, not too hot nor too cool. Holland State Park has been as popular as ever, and there have been lots of things to keep tourists and resorters occupied in Western Michigan.

It's been a quiet summer for State Rep. George Van Peursem... but not because he wanted it that way. The Zeeland legislator underwent surgery on his throat about a month ago and was given strict orders not to talk for at least a month. He got along pretty well on sign language and hoarse whispers, but it really was rugged last weekend at the Republican conference on Mackinac Island. Too many people really wanted to talk with him.

His attractive wife has been most patient throughout the period. "Finally after 21 years of marriage, I can get in my two cents worth," she said.

Holland isn't the only place that scrubs streets. At least, Chicago now claims fame to novelty.

Mrs. Earl Vanden Bosch, who works on housing for Tulip Time, came across a six-column picture in the Chicago Sun-Times Aug. 1 showing a good share of 190 families scrubbing the alley in the 5000 block between Gladys and Van Buren in the recently completed townhouse development. Yes, the neighbors started a water fight after the scrubbing was completed.

The passing of summer also spelled a successful close to the season of the Red Barn Theater of Saugatuck. Jim Dyas, head of the equity company of New York which produced the plays, had a lot of interesting experiences during the 1957 season.

Perhaps the most trying one was just before the opening of "Streetcar Named Desire." The cast had worked long and hard on the production, and because of many lighting and sound cues, the technical runthrough before the opening performance was still running at 7 p.m. instead of closing at 4 p.m. The scene was the tense one in which Branche was going after Stanley with a broken bottle. In the action, Dorothy Lee Tompkins by mistake drove the broken bottle into Tom Rosqui's hand. A doctor was called and by 7:30 p.m. Tom had six stitches. He went on that night... and every night.

Jim Dyas expects to return to Holland next March to direct a Junior League production.

No doubt newspapers were used as insulation in homes 90 years ago. Several were found in the partitions of a home in Coopersville which is being torn down by Ernie Meerman. He brought a part of a well worn issue of De Hollander printed in Dutch to the Sentinel recently. It was dated 11 August, 1858. The home being razed is the old homestead of Mrs. Peter Meerman and the late Mr. Meerman located two miles south of Coopersville.

As a tribute to them and the distinction they achieved, Mr. and Mrs. Bert Nienhuis, route 3, who marked their 57th wedding anniversary this summer have been sent a gift package of "57 Varieties" by H. J. Heinz Co.

It's Newcomer Time again. The city hostess welcomed five new families here during August.

Mr. and Mrs. Karl J. Dickerson of Indianapolis, Ind., have purchased a home at 52 Birchwood. They have a daughter 20 months old. Mr. Dickerson is the new assistant administrator at Holland Hospital.

Mr. and Mrs. Frank De Haan of Fort Worth, Tex., are living at 165 Grandview. Mr. De Haan is a salesman at Brower Awnings. Their children are grown.

Mr. and Mrs. Vernon Murphy of Chicago have purchased a home at 824 South Shore Dr. Mr. Murphy

is with Klomparsen Building Co. They have two young children. Mr. and Mrs. Robert L. Williamson of Pittsburgh, Pa., have purchased a home at 642 Dartmouth Rd. They have two sons, 5 and 8. Mr. Williamson is a bacteriologist at H. J. Heinz Co.

Mr. and Mrs. George T. Stachwick of Scottsbluff, Neb., have purchased a home at 196 East 25th St. They have two daughters eight years old. Mr. Stachwick is a marketing specialist in the horticulture division at Michigan State University.

City Manager Herb Holt spotted a note in the American Municipal News that Springfield, Ore., has adopted an experimental program to revitalize its downtown commercial area. They are closing off 2 1/2 blocks of Main St. and converting it into a shoppers' mall completely free of vehicular traffic. Traffic is routed around the shopping center.

Wasn't this proposed for Zeeland a year ago?

A cub reporter in Iowa reported that a local farmer had been robbed of 2,025 pigs. The cagey night editor thought the figure pretty high and phoned the farmer to check up. "Is it true that you lost two thousand twenty-five pigs?"

"Yeth," sighed the farmer. The cagey editor thanked him and changed the copy to make the loss read, "two sows and twenty-five pigs."

## Rev. Carlough to Study At Edinburgh University

THE END OF  
A FAMOUS SLOGAN

Never again in a national elec-  
tion can either Republicans or  
Democrats intone the slogan, "As  
Maine goes, so goes the nation."  
In 1960 Maine will cast its vote  
on the same day on which all  
other states do so.

The slogan was obviously unre-  
liable and always has been, but  
that never makes a great deal of  
difference to those who believe  
what they want to believe. It often  
happened during most of the elec-  
tions since the Civil War that  
Maine, in its early election, voted  
Republican — for the same reason  
that Michigan, once a Democratic  
state, voted Republican after the  
Civil War. Maine was a Republi-  
can state.

Those who pinned their faith to  
the slogan in most of the elections  
since about the middle of the nine-  
teenth century were of course jus-  
tified in their prediction; it would  
have been passing strange if they  
had not guessed right. But their  
deduction that the sentiment in  
Maine was Republican as an indi-  
cator of the voting opinion of the  
nation was an irrelevant conclu-  
sion.

If it had so happened that Louisi-  
ana or South Carolina or any other  
state in the Deep South had held  
its state election early, no one  
would have dreamed of saying,  
"As South Carolina goes, so goes  
the nation." Yet it would have  
been quite as logical.

But the passing of this famous  
slogan will hardly make a dent  
in the "sloganitis" of the political  
"thinkers" of the nation. Depend-  
ence on slogans is a disease in  
politics that is almost epidemic.  
There never is a campaign when  
the woods are not full of the slo-  
gan animals.

Many, many voters pin their  
faith to whatever slogan is pro-  
nounced most frequently and most  
persuasively. They don't take the  
trouble to subject the political slo-  
gans to analysis; they simply lay  
their political convictions by ear,  
and the biggest and loudest asser-  
tions couched in the most catchy  
terms win their faith and allegi-  
ance.

Nor does it make much differ-  
ence that the slogans now and  
again are repudiated by the bru-  
tal facts of life. "Sloganitis" is a  
disease that is incurable in its  
very nature. Real politicians, al-  
though they make use of slogans to  
pull the wool over the eyes of the  
victims of the disease, do not  
succumb to it themselves. They  
know that a horse race is never  
won by a neat phrase.

Local Girl Skates  
To Grand Haven

Miss Eva Boyle, 20, of 146 West  
15th St., Tuesday roller skated  
from Holland to Grand Haven in  
three and a half hours to settle  
a bet.

The wagering was between  
Holland Furnace Co. officials one  
of whom stated that it could not  
be done in less than five hours.

Eva, a office employee at  
Holland Furnace Co., and a roller  
skating fan, was selected for the  
test. Trained by three observers in  
a car, she left the corner of M-21  
and US-31 at 7 a.m. At 10:30 a.m.,  
she wheeled triumphantly into Ot-  
tawa County Sheriff Jerry Vander-  
beek's office, 22 miles of hard  
skating behind her.

"I was tired," she said, riding  
back to Holland in a car.

Sunday School  
Lesson

Sunday, September 22  
Daniel, Steadfast in Crisis

Daniel 5:1, 5: 13-14; 16b-18; 22-23  
by C. P. Dame

(Based on copyrighted outlines  
produced by the Division of Chris-  
tian Education, National Council of  
the Churches of Christ in the  
U.S.A. and used by permission.)

There is a great need today for  
men and women of the type of  
Daniel. Many people in these  
times do not have courage enough  
to stand up for their Christian con-  
victions and so they take the easy  
course and compromise. We need  
people who dare to be a Daniel.

I. We are all tested. The king  
of Babylon carried Daniel when  
he was a young man into captivity.

King Nebuchadnezzar ordered  
some of the bright young men who  
came from Judah to be trained for  
government service, at the expense  
of the government. These young  
men were given rich food, some  
of which was not in accord with  
the dietary laws of the Jews. Dan-  
iel requested the man in charge to  
be permitted to eat a different diet.  
When the request was refused,  
Daniel asked for a test of ten  
days and got it and when the sim-  
pler food made them more fit Dan-  
iel and his friends were allowed  
to be excused from the dainties  
of the king's table. If Daniel had  
yielded in this instance most like-  
ly he never would have been heard  
from again.

Other tests followed. One night  
the king had a dream and no one  
could tell him about his dream—  
he had forgotten it—nor the inter-  
pretation. Daniel was called and  
told him the dream and gave the  
interpretation. Later on the king  
had another dream which the Dan-  
iel could not explain but Dan-  
iel did and told him to repent.  
The king did not do this and one  
day when he was in a boastful  
mood God's judgment fell upon  
him and the king became insane  
until he repented and then reason  
returned and he was restored to  
the throne.

II. It takes courage to tell the  
truth at times. Belshazzar was the  
son of Nabonidus and the grand-  
son of Nebuchadnezzar. The word  
"son" is used loosely in the  
Orient. Belshazzar was a typical  
monarch, spoiled by power and  
prosperity. At a time when the  
Medes and Persians were besieg-  
ing Babylon he had a great feast  
at which there was much drinking  
and revelling. When the feast was  
at a low ebb the king ordered that  
the gold and silver goblets which  
had been captured in Jerusalem  
and used in the temple be brought  
to the banquet hall. They were  
brought in and the revellers drank  
from them and praised their gods.  
That which had been dedicated to  
God was used for the idols.

In the midst of the revelry  
something unusual happened. "In  
the same hour came forth fingers  
of a man's hand and wrote over  
against the candlestick upon the  
plaster of the wall of the king's  
palace; and the king saw the  
part of the hand that wrote" and  
was greatly troubled and called  
for the wise men to explain the  
writing. No one was able to de-  
cipher it. The king's mother gave  
counsel to the trembling king and  
told him to call Daniel. At this  
time Daniel was a man of years.  
He came and stood in the presence  
of the king. What a contrast be-  
tween these two men. Before Dan-  
iel interpreted the writing he told  
the king the plain truth—his fail-  
ure to profit by the experience of  
his grandfather and his refusal to  
glorify God and then he told him  
the meaning of the letters—words  
that spoke of God's judgment upon  
the king.

After Daniel had given the in-  
terpretation he "was clothed with  
purple, a chain of gold was put  
about his neck, and proclamation  
was made concerning him, that he  
should be the third ruler in the  
kingdom." But "that very night  
Belshazzar, the Chaldean king was  
slain." The Medes and Persians  
captured Babylon. Liquor had  
brought about the fall of the na-  
tion. Today many men and women  
are ruined by liquor. And during  
the night many people still go to  
destruction — and liquor often  
causes it.

Vets Record  
3-1 Victory  
In Final Game

For the second straight year, the  
VFW walked off with the City  
League softball playoff champion-  
ship.

The Vets accomplished the feat  
Saturday night with a 3-1 victory  
over Suburban Motors at Van  
Tongeren Field.

The game was the fifth game  
of the five-game series and the  
third win for the ex-servicemen.  
Lum Veldman and Al Bosch each  
allowed three hits but the Vets  
capitalized on a bit of wildness  
and a couple of base hits.

Jay Hoffman was hit by a pitch-  
ed ball in the fourth and took  
second on a wild pitch. Veldman  
was intentionally walked and Al  
Glupker followed with a single  
which scored Hoffman and moved  
Veldman to third.

Lee Veldman followed with a  
fielder's choice and Lum came  
home. Rog Beckman singled to  
score Glupker with what proved  
the final run.

Herb Rietman tallied the lone  
Suburban run in the seventh in-  
ning. He was safe on an error by  
the first baseman and took sec-  
ond on an infield out. Jack La-  
mar drove him in with a single.  
Bosch struck out 13 Vets and  
Veldman fanned nine.

The playoff trophy was awarded  
to George Cook, VFW manager  
by Harry Hulst, league president.  
Suburban won the regular sea-  
son's championship and the Vets  
finished in a second-place tie.

is getting ready for another year  
of activity, carrying on many con-  
tinuing activities as well as adopt-  
ing new projects. Reports were  
given at a meeting of the Hospi-  
tal Auxiliary Board last week with  
all of the 16 auxiliaries represent-  
ed except two. Mrs. J. D. Jencks,  
president, presided.

Mrs. E. S. Schneider was ap-  
pointed historian for the coming  
year. Mrs. Ward Hansen, hospital-  
ity shop treasurer, said the shop is  
being operated successfully and  
there is a growing demand that  
the shop be kept open evenings.  
Workers must first be found to  
take care of the shop those hours.

With helpers needed daily in the  
children's ward from 10:30 a.m. to  
12:30 p.m. to entertain the chil-  
dren and help feed them, the  
president appointed Mrs. Charles  
R. Sligh III and Mrs. William  
Appledorn, Jr., to recruit helpers.

Mrs. L. J. Hohmann, treasurer  
of the state board, announced a  
meeting of the Michigan Associa-

gagement of their daughter, Joan

Father, Son  
Fire Perfect

With perfect weather and little  
or no wind the -day birds, the  
temperature and the scores soared  
high Saturday at the second  
of seven trap shoots to be held at  
the Tulip City Rod and Gun Club  
grounds under their auspices.

There was a high scoring duo  
in the father and son combina-  
tion of Ed and Jim Landwehr who  
each scored a perfect 25 out of  
25. Second high and scoring 24  
out of 25 were John Diepenhorst,  
Hank Bol, Ralph Van Vorst. The  
rest of the scores are as follows:  
22 — Bob Hoatlin, Bernie Water-  
way; 21 — Whitey Van Wieren,  
Ron Nykamp; 20 — Ken Topp, Jim  
De Vries, L. Williams, Frank  
Lievens Sr. This group qualifies  
for the championship shoot on  
Oct. 19 by breaking 20 or more  
out of 25. Other scores are as fol-  
lows: 19 — Jim Plaggemans, Ossie  
Raith, R. Crowe, Paul Van Loo,  
Sam Althuis; 18 — William Du-  
mond, Don Lievens; 17 — A.  
Jongekrijg, Paul Klingenberg, Ken  
Quist, Sid Johnson; 16 — Jim  
Vanden Brink, Art Quist; 15 — L.  
Riemersma; 14 — H. Waterway,  
John Van Alsburg; 12 — K. Mor-  
tensen, Ron Cotts, J. Riemersma;  
9 — Ray Tardiff; 8 — Victor Van  
Fleet; 6 — Dick Brown, Bob Dyk-  
stra; 2 — Brian Rowder; 1 —  
Gary Alderink; Jerry Smeenge also  
shot.

This was regarded as one of the  
best turnouts in quite a while and  
only points out the increased in-  
terest in trap shooting in this area  
since the club has started the an-  
nual shoots. The public is invited  
to these meets. Refreshments are  
served.

On the subject of taxes, the gen-  
eral answer is that taxes are like-  
ly to be increased a little bit but  
not nearly so much as if the pro-  
posed improvements were done  
separately.

Answering the question on politi-  
cal annexation before school con-  
solidation, it was pointed out that  
it would be virtually impossible  
to organize a school district under  
taxation patterns of seven differ-  
ent political entities — Ottawa  
county, Allegan county, Holland  
city and the four townships, Hol-  
land, Park, Fillmore and Lake-  
town.

Jalving emphasized that the  
committee welcomes questions of  
all kinds. "Monday night's re-  
sponse shows that people are think-  
ing and they want to know the  
answers," he said.

More than 70 persons were out  
for the kickoff at 5:30 p.m. Mon-  
day in the Warm Friend Tavern.  
Close to 150 volunteers are can-  
vassing the areas both inside and  
outside the city.

## Michigan Fair Authorities To Attend Holland Meeting

Plans are moving along for the public meeting designed to air the pros and cons of reviving the annual Holland Fair.

The meeting will be held Monday, Sept. 23 at 8 p.m. at North Shore Community Hall across from the Airport and Al Looman, head of the group interested in re-creating the fair, has lined up several top fair authorities.

Looman has invited any interested people to attend the meeting and to tour the grounds to see the facilities at the North Shore Grounds.

Edward Zenner, superintendent of Michigan Fairs and Charles Coon, of the Michigan Fair Board in charge of maintenance of fair grounds, will be at the meeting. They are both members of the state Department of Agriculture.

Sam Johnson, president of the Lake Odessa Fair and in fair work for more than 50 years, will attend along with a representative from the Allegan Fair Board and the president or secretary of the Michigan Showhorse Association.

Looman hopes the group attending the meeting will favor organizing so that plans for a corporation, including constitution and by-laws can be drawn up.

The fair, like all Michigan fairs, would be a non-profit organization. All work would be voluntary and any proceeds would be used to improve the grounds or donated to some worthy cause, Looman said. State aid, obtained from parimutels at some fairs, helps with the support, Looman reported.

Looman has outlined a four-day fair to run July 30, 31, Aug. 1 and 2, 1958 and it would be called the Ottawa County Fair at Holland.

"It would be an agricultural and industrial fair," Looman said, "and not a glorified carnival." "Our plan is to have an old fashioned fair with a few modern ideas," Looman said.

The concessions would be set up by Holland groups as churches, service clubs and the sportsman's organization.

Groups interested in the fair include the Holland Horseshow Association, the Holland Horseman's Association and the 4-H Clubs of Ottawa County.

Tentative plans call for a horse show to be held Wednesday and Thursday afternoons from 1 to 5 p.m. with harness racing Wednesday, Thursday and Friday at 8 p.m. and Saturday at 2 p.m. A show or pageant would be the Saturday night highlight.

Horse pulling is a possibility for Wednesday morning with tractor pulling, Thursday while 4-H activities, including a livestock parade, would take over all-day Friday.

## 450 Seasonal Workers Hired

As the close of the "Green Season" approaches, C. B. McCormick, manager of the local Heinz factory, expressed the opinion that the quality of pickling cucumbers received was one of the best he has observed in his many years of experience.

As has been the case for a number of years he also pointed out that the labor supply from local sources was adequate to man the factory on a full two-shift basis. In addition to the 550 regular year round employees on the payroll approximately 450 seasonal workers have been hired during the past few weeks.

High school and college students made up a considerable portion of these seasonal workers. Mr. McCormick was particularly pleased with the quality and quantity of work done by these students in completing a greatly increased pack of 25 ounce kosher dill pickles. Two day shift production lines were manned almost exclusively by students who were, as Mr. McCormick termed them, "extremely well behaved."

In addition to the pack of kosher dill pickles, the fresh pack includes fresh cucumber pickles, original dill pickles, fresh cucumber relish, sweet dill sticks, and cross cut koshers. Many of these varieties were packed in glass containers for home consumption as well as in No. 10 tins for hotel and restaurant use.

## Opposition Group Ready For Big Fight

Township Residents Gather at Beechwood To Oppose Annexation

About 125 persons gathered in Beechwood School No. 2 Tuesday night to organize opposition to the proposed program of annexing outlying areas to the city of Holland. The group adopted a platform outlined by John Victor, chairman, and made plans for organizing down to the block level.

Mrs. Fred J. Pickel of Park township was elected treasurer to succeed Harold Alderink, resigned, and Francis Nash was added to the executive committee, a five-member group which includes W. B. Blain, John H. Teusink, Mrs. Pickel and Victor.

Plans call for organizing three-man committees in each of the 15 school districts surrounding Holland. These committees will organize to the block level and will carry on a vigorous program of home canvassing and distribution of brochures and literature presenting facts on annexation.

Initial appointments made Tuesday night list Cornelius Plakke as Beechwood chairman; Pete Israels, Beechwood No. 2; Len Buurman, Federal; James Volkema, Waukazoo; Bert Schuitema, New Groningen; Robert Wright, Lakewood; James Hardy, Ventura; John H. Scholten, Lakeland. All chairman and their committee members will meet Monday at 8 p.m. in Park township hall on the south side.

In reviewing activities of the new group, Chairman Victor said problems of the township's schools would be no closer to a solution than last spring or five years ago. He said the position of outlying residences would be considerably worse due to the fact that they would be "saddled" with the burden of the city's outstanding municipal bond issue, a higher local tax rate with no more city services than are now available, and a costly expansion of the city's sewage system. Victor said there is one thing townships residents would have: city assessors to swarm over the homes and properties to raise the valuation.

He denied claims of annexation promoters that the townships' tax bases are low, therefore school consolidation is not possible. He also resented that "some . . . city officials who bungled their way out of a youth center and into a civic auditorium, and just recently bungled the proposed county building" would represent township residents if annexation were approved.

Victor emphasized that annexation is separate from consolidation of schools, a measure which would have to be voted on later. "There is no assurance," he said, "that such an action will carry and pass to accomplish this phase of our problem."

Victor said there would be two alternatives: one, that the outlying residents allow themselves to be annexed by the city school district and pay off their own debts, plus the allegation of assumption of municipal bonds of the city, the higher local government costs, and their share of the new high school bonds. "Second would be to become part of the city and still have to consolidate the township districts for high school purposes without aid from the city school districts." He said both are unsatisfactory.

He added that the executive committee is pledged to work toward the goal of total defeat of the annexation proposal and the use of township and city children as a "vehicle" in the community. He said a committee will be appointed to plan and submit to the voters a plan to consolidate township school districts and educate their children of all ages.

There was enthusiastic response to "passing the hat" for initial funds to carry on the fight. Eugene Van Lier was appointed head of the publicity committee and Allene Lowery Fisher was appointed to contract summer residents.

**SAUGATUCK (Special)**—Former Saugatuck postmaster Archie G. O'Neal, 67, shot and killed his sister-in-law Monday night and then fatally wounded himself with a .45 caliber automatic.

South Haven State Police said O'Neal shot Mrs. Hilda Ensfield Hiscok, 58, of Ionia, through the back of the head as she was preparing a meal in the kitchen of his home at 234 Francis St.

He was home to straighten his financial affairs resulting from the death of his wife Sept. 1.

Dr. D. E. DeWitt was called and termed the deaths murder and suicide.

"The time of the shooting was established by a nearby workman who said he heard two loud reports about 4:30.

Officers said Mrs. Josephine Stough of 613 Holland St., who lived a few doors away became worried when she did not see any lights in the O'Neal house when it became dark. She called Smith who found the couple.

Police said O'Neal was not a mental patient at the hospital and had shown no signs of being despondent. He had been undergoing treatment for pneumonia and lung congestion plus his heart condition. Funeral services for O'Neal have been set for Thursday at 10 a.m. at the Dykstra Chapel in Saugatuck with the Rev. David Cornell officiating. Burial will be in Taylor Cemetery, Ganges.

## School Boards Join Forces in Annexation Study

With the high school enrollment problem bearing down ever more insistently, the Holland School Board, in late 1955, joined forces with the School Boards of the several sending districts to organize a Holland Area School Study Committee.

This group, with Michigan State University educational specialists as consultants, worked long and diligently and came up with a most exhaustive report on the entire school situation.

Upon the release of this Area School Study Report in October, 1956, the Holland City Council and its administrative officials conferred with the school authorities in the interest of investigating the desirability of effecting an overall solution to both school and political problems through joint annexation procedure.

To make this investigation, a 32-Man Study Committee was created at the beginning of this year, half of the group being city residents and the other half from the township areas, four each from Holland, Park, Fillmore and Laketown Townships.

It should be noted that this 32-Man Committee came together with a wide divergency of personal opinions, and between them every kind of question was raised. Circumstances, both real and imaginary, came in for the liveliest of discussions.

As the intensive study penetrated into each separate avenue, opinions were influenced by the findings, out of which grew a unanimous accord on what was thought to be the best for all concerned in a soundly conceived program of community unification. As a result of this study there has been a modification of previous positions taken by school and city bodies, as well as by the Citizen's Study Committee of Holland and Park Townships.

The several school district meetings conducted by the last named Committee throughout February and March of this year performed a most useful service in bringing the issues to the people, and in giving the 32-Man Committee an invaluable guide to working out its own conclusions.

To investigate the school situation still further, with the thought of exploring the feasibility of school district consolidation as an alternative to annexation, the 32-Man Committee requested a special committee for that purpose. This committee has been functioning in a thorough, and their forthcoming report will undoubtedly still further clarify the imperative advantages of consolidating the area school system.

This quick run-down of the investigative activities does not begin to do justice to the many who did the digging and the sifting, but it does imply that the whole matter of annexation has been subjected to the fullest amount of scrutiny, and that it has been studied from every standpoint.

For those who have not had this opportunity of investigating all the aspects, the significant point to keep in mind is that those who did the research and surveying for you are of one voice in advocating the positive desirability of annexation and consolidation on the basis that is proposed to you. There are no minority reports, for there have been no dissensions.

It has been established as a matter of policy, and in the interest of obtaining a uniform tax base, that school district consolidation must be accompanied with political annexation. It is not efficient, nor equitable, for seven different political units — Ottawa County, Allegan County, four townships, and the City of Holland — to be involved in the determination of valuations, assessments and tax

rates. These functions can be more properly performed by bringing all affected areas together into one self-governing Home Rule City, such as the City of Holland now is.

Therefore, it is first necessary to unify the proposed area into a single political unit through the process of annexation. After this is done, then the twelve school districts can vote on consolidating into a single, new district.

The political annexation vote must come first, and as a separate election. It cannot legally be combined with the election on school district consolidation. The election on the school issue will be set for as soon as possible after the results of the political annexation election are determined.

All who are vitally concerned about solving the school problem through the efficiencies and economies of consolidation must look upon the political annexation election as the qualifying factor. They cannot reserve their vote for the school issue alone; they must first bring the area into political unity.

Since school and political entities are linked together, the area to be embraced by the proposed annexation has been given the most exhaustive study. From the very beginning of this study it was seen that the area should extend beyond what the Holland Planning Commission has defined as the "Primary Service Area," but how much farther was the big question. The answer, as portrayed by the annexation map, came only after a meeting of many minds.

It was first determined what school districts should be included in the consolidation program, and to the eleven districts enumerated by the Holland Board of Education in its Statement of Policy dated November 29, 1956, the Pine Creek School district was added, making a total of twelve, as follows:

Lakewood, Beechwood, Federal, Montello Park, Waukazoo, Waverly, Apple Ave., Lakeview, Pine Creek, Van Raalte, Maplewood, and Harrington.

If the extremities of the boundary line for each district were taken as the area for political annexation, the boundary line of a new City of Holland would have included more territory than feasible, plus creating a jagged, irregular City Limits that could cause no end of annoyance and inconvenience.

Working back from the boundary extremities, and taking into consideration the present and potential land use, a line was drawn to best simplify the whole picture and to make the furnishing of municipal services feasible.

Existing highways, roads and streets were all considered, with section lines being given priority so as not to bisect rural property tracts. The interest of those lying outside the boundary line was at all times taken into account so as to cause the least inconvenience in readjusting to the new pattern.

Some of the school districts (Waukazoo, Beechwood, Federal, Apple Ave., Montello Park, Lakeview) are wholly contained within the proposed city boundary; none of the others have less than 90 percent of their total population included.

age of all. There will be no physical change in one's status; nothing has to be moved around. Nobody has to give up anything. The township resident simply trades the present rule by Township Board and the County Board of Supervisors for a Home Rule municipal structure. That is the whole essence of political annexation.

As for the city resident, it changes nothing at all except to extend the scope of the municipal administration. True, the present city's valuation is a bartering factor, for it is almost twice that of the big outlying area, but in trade for that the straitjacket is removed from the city so that it can stretch its arms and legs into the new growth and development that begets increased valuations. The proposed political annexation means for the City of Holland the inclusion in its fold of the only resource it has for potential expansion.

In many other directions it means infinitely more than that. It means, going with the trend, which is to say that a static condition will be turned into a dynamic one. It means the holding of what the central core of the community has in values, vitality and centralization. It means the doubling of its population with all that this carries in sales, gas and auto tax returns. It means the immediate addition of 150 miles of major and local streets for which some quarter of a million dollars extra can be obtained from the Motor Vehicle Highway Fund annually.

The area to be joined to the City of Holland takes in a lot of territory, 40 square miles of it, eight miles from east to west, and five miles from north to south. Subtract the approximately 6 square miles of Lake Macatawa (which

will be wholly contained within the new city limits), and the land area will be 12 times greater than that of the present City.

It is good for a city to cover so much area? Will the municipal services be overly strained in reaching out so far? Questions of this nature have been thoroughly studied, and the experience of other cities in this regard has been looked into.

The story from other cities is universally the same. All the misgivings and doubts attendant upon the annexation of extensive areas never materialize. The integration of the entire area into one municipality becomes so orderly and gradual that what might have seemed to be difficult of accomplishment actually turns out to be efficiently and economically achieved.

At present, township citizens look to the sheriff's departments working out of Grand Haven and Allegan for their police and law enforcement service. After annexation they will look no farther than to their own city police department, which will add to its force and cruisers sufficiently to meet the new obligations.

The city fire department will utilize the present outlying stations and equipment in its new responsibility of providing fire protection to the entire area. It will mean that all of the personnel and equipment can be drawn upon as may be required. It will mean a revision of fire insurance rates downward for those who are brought into the city, and for everybody in the new Holland it will mean more comprehensive fire protection.

The street, park, engineering, health and other municipal departments need only to broaden the scope of their services, taking it

all in stride because of their expert familiarity with the functions of their departments. Through these capable departments the entire community will be elevated and maintained in the high standards that have always characterized the City of Holland.

Assessments will be made by an assessor trained in his field, who follows the same system for all. Township property owners, now have their assessments set by four different Supervisors, two of Ottawa County and two of Allegan County, with a different set of evaluations prevailing in the two counties.

In substance, the township residents who come into the city through political annexation will have the same City Hall as the present people of Holland. They will not look to Township Boards for services not in their province to provide, nor to county seats that are remote from the local scene.

They will, instead, look to their own City Manager and City Council for the attentions they require or desire. What has been done for the outlying residents by the Township Boards, Supervisors, and county seats can also be done for them by the municipality, and in far greater measure.

Sewers and water are two cases in point. The most direct, and certainly the most efficient and economical way of obtaining either or both, as may be needed, is through political annexation. Both of these utilities are necessary to the township areas for any further industrial growth. The availability of both will add materially to property values.

Nearly 2,000 species of shrimp exist. The young pass through 10 larval stages. Most adults appear singly spawned only once and have a life span of one year.

**ALL SLUNG UP!**—In one room in the pediatrics ward in Holland Hospital are three youngsters with broken legs and treatment requires that both legs be suspended for proper traction. In the foreground is Kevin Coughlin, almost 3, who was injured in a downhill tumble at Kollen park July 25. At left rear is 21-month-old Joan Vander Veen who got adventurous and went down a clothes chute in August. Almost obscured at right is nine-month-old Lonnie Francis who was admitted three weeks ago with a broken leg. He must remain another three weeks. Kevin is a son of Mr. and Mrs. Jerome Coughlin, 515 Graafschap Rd.; Joan, a daughter of Mr. and Mrs. J. Harvey Vander Veen, of 867 112th Ave.; and Lonnie is a son of Mr. and Mrs. William Francis, route 1, West Olive. (Sentinel photo)
